- **Long 6.5 ft.. flexible USB cable is easy to use in work space**
- **5 Unique pressure point rollers allows for better and deeper massage**
- **2 Speed control for best comfort level**

USB MASSAGER INSTRUCTIONS FOR USE

- 1- Plug in the USB head on the massager unit into a USB port on a personal PC or laptop computer.**

Plug Type : USB 2.0
Power Input : DC 5.0 V

- 3- Turn on the massager by moving the OFF/ON button from center position to up or down position. Up is LOW speed and down is HIGH speed. Center is OFF.**

- 2- Hold the massager unit in hand with cord and switch pointed to the rear. Place the finger tips in the 4 holes of the massager and thumb on top or side.**

- 4- Gently roll the 5 massage wheels over the affected area. The revolving wheels are like many fingers massaging the body.**
