SPINE-EASE Massage Pillow TM

The SPINE-EASE Massage Pillow is designed to conform comfortably with the human anatomy. When placed behind the lower back region, it encourages good posture and helps reduce back pain. Placed behind the neck, the SPINE-EASE Massage Pillow gently supports the neck and eases away troublesome aches. Its special design will not twist your neck.

Switches on or off using self switch; can be used as a regular cushion when not in massage mode.

Uses 2 D-size batteries
